RECRUITING ASSISTANT FOR HR MANAGERS

INTRODUCTION

1.1 Overview

In this project, we use custom objects, relationships, page layouts to give the HR Team easy access to data they need on an existing recruitment app. To make the existing app more efficient for the HR team we create custom objects and relationship to store and access the data more efficiently. we install an unmanaged package in the org to get metadata that acts as existing data in the recruitment app.

1.2 Purpose

Assist with the recruitment process by identifying candidates, performing reference checks, and issuing employment contracts. Maintain calendars of the HR management team. Oversee the completion of compensation and benefits documentation. Assist with performance management procedures.
